

Generali confirmed in the Dow Jones Sustainability World Index and Dow Jones Sustainability Europe Index; among the top companies in the insurance sector

Milan – Generali has been confirmed in the Dow Jones Sustainability World Index (DJSI) and in the Dow Jones Sustainability Europe Index (DJSI Europe), strengthening its leadership position in terms of sustainability performance as it ranks among the global top five companies in the insurance sector.

The important benchmark recognises the Group's continuous commitment to integrate sustainability into its business activities, consistent with its Lifetime Partner ambition.

Among the most important activities, as part of the 'Generali 2021' strategy, Generali has already increased premiums deriving from insurance products with social and environmental value to reach around € 17 billion and has made € 6 billion in sustainable investments.

Generali is part of the Net-Zero Asset Owner Alliance (NZAOA) and Net-Zero Insurance Alliance (NZIA) which are focused on tackling climate change through the core insurance business.

Launched in 1999 as a global benchmark dedicated to sustainability, the DJSI ranks leading companies based on RobecoSAM's analysis of Environmental, Social, and Governance criteria and S&P Dow Jones Indices' methodology. For Generali, the S&P CSA questionnaire is a means to continuously improve sustainability practices and performance.

THE GENERALI GROUP

Generali is one of the largest global insurance and asset management providers. Established in 1831, it is present in 50 countries in the world, with a total premium income of € 70.7 billion in 2020. With more than 72,000 employees serving 65.9 million customers, the Group has a leading position in Europe and a growing presence in Asia and Latin America. Commitment to sustainability is one of the enablers of Generali's strategy, inspired by the ambition to be the Lifetime Partner to its customers, offering innovative and personalized solutions thanks to an unmatched distribution network.
